

What is the closing date for entries?

Entries will close on Sunday 18 October 2026, one week before the Golf Day.

This gives us time to finalise teams, verify WHS Indexes, calculate the relevant team allowances and prepare the competition ahead of the event.

Places may close earlier if all 36 spaces are filled.

Do I need a WHS Index to enter?

No. You are very welcome to enter without one.

If you have a current WHS Index, we will use this when calculating your team allowance. If you do not, we will use a notional competition figure of 10.0 for this event only, so you and your team can still compete for the main prizes. This is not an official WHS Index.

Why do I need to provide a WHS Index?

The Reach Charity Golf Day is designed to be fun and friendly, but it is also a competitive Florida Scramble Stableford with some fantastic prizes available.

A WHS Index allows golfers of different abilities to compete on a level playing field and gives us a fair way of calculating the team competition.

It also helps us put groups together sensibly where individual players need to be allocated to a team.

What details do I need to provide if I have a WHS Index?

If you are an England Golf club member or iGolf subscriber, please provide your 10-digit England Golf membership number, which will start with '10', together with the name of your golf club or 'iGolf'.

This allows us to verify your current WHS Index closer to the Golf Day. If you do not have one, simply enter N/A.

I don't have a WHS Index. Can I get one before the Golf Day?

Yes. If you are not a member of an affiliated golf club in England, England Golf's iGolf scheme provides a way to obtain an official WHS Index.

To establish your first WHS Index, you only need to submit scores covering 54 holes, for example three 18-hole rounds or six 9-hole rounds.

If you obtain a WHS Index through iGolf before the Golf Day, please enter your 10-digit England Golf membership number on the entry form and enter 'iGolf' where we ask for your current golf club.

There is no need to join iGolf solely for the Reach Charity Golf Day. If you do not have a WHS Index, you can still enter and compete using the notional competition figure of 10.0 for this event.

I'm an experienced golfer but don't have a WHS Index. Can I still enter?

Absolutely. If you have sufficient experience of playing on a full-size golf course, you are very welcome to enter.

Players without a current WHS Index must be capable of completing 18 holes safely, maintaining an appropriate pace of play and understanding basic golf rules and expected behaviour on the course.

I'm quite new to golf. Is the Golf Day suitable for me?

You do not need to be a low-index or highly experienced golfer. The Florida Scramble format is particularly suitable for mixed abilities.

However, this is a full 18-hole event on a full-size golf course rather than an introductory coaching session. Players need to be comfortable completing 18 holes safely and maintaining a reasonable pace of play.

If your golf experience has mainly been on a driving range, or you have very limited experience playing on a full-size course, please consider whether the Golf Day is the right event for you. Players need to be comfortable keeping pace with the group ahead, as slower play can affect everyone else on the course.

Why is pace of play important?

There are up to 36 players taking part with tee times either side of ours, so all groups need to move around the course at a reasonable pace for the day to run smoothly.

The Florida Scramble format helps with this because players do not need to complete every hole using their own ball, but everyone entering still needs enough on-course experience to keep pace with the group ahead.

Can junior golfers take part?

Yes. Competent junior golfers are welcome to take part.

Players under 18 will need permission from a parent or guardian. Once you've submitted the form we'll contact you with a consent email.

As this is a full 18-hole event on a full-size golf course rather than a junior coaching session, junior players must have sufficient on-course experience to play safely, maintain an appropriate pace of play and understand basic golf rules and expected behaviour on the course.

If you are considering entering a player under 16, please contact us before submitting their entry so that we can confirm the arrangements.

Is there a minimum age for the Golf Day?

We do not want to exclude competent junior golfers simply because of their age.

The key consideration is whether the player has sufficient experience to complete the course safely and at an appropriate pace.

Players under 18 require permission from a parent or guardian, and we ask anyone considering entering a player under 16 to contact us first.

I'm entering as an individual. Will you allocate me to a team?

Yes. Where necessary, we will use the information provided on the entry form, including playing experience and WHS Index, to put teams together as sensibly as possible.

The final composition of teams will depend on the entries received.

Can I enter as part of a fourball?

You are very welcome to ask to play with particular people.

However, each golfer needs to complete their own entry form because we need to collect individual information and permissions. We can however send you a payment link for four entry fees if this is preferable.

Please make clear on your entry form who you would like to play with and we will aim to keep your group together.

How do I sponsor a hole?

If you would like to sponsor a hole, please contact us and we will send you a payment link for £100.

As a hole sponsor, you will be entitled to display your company or organisation branding at the tee of your sponsored hole. You are welcome to provide a suitable freestanding sign or banner for us to position there on the day.

We will confirm the practical arrangements with sponsors in advance, including where and when signage can be delivered or set up.

Is there a reduced entry fee for Marriott Worsley Park Golf Club members?

Yes, as the full entry fee also includes your green fee. Marriott Worsley Park Golf Club members can speak to their club for access to the reduced rate booking form.
